Hi Kim and Joel,

As indicated in our 106 Grant Task Table for 2017, attached please find a summary of Pollutant Minimization Plan (PMP) activities for PCBs for 2017.

The task table also lists Dana Walker as a technical point of contact, however I was unable to find that individual in Region 2 or 3 using the EPA staff directory. If you can forward this message if appropriate, I'd appreciate it.

Thanks,

John Y.
